

The Referendum Campaign in Cornwall

St. Ives & The Isles of Scilly Branch Committee, and Hayle Camborne & Redruth Branch have been actively engaged in street stalls to engage the public in The Referendum Campaign and we are getting a huge response for support.

We are very grateful to William Pengelly for providing and setting up the stall, and to Bob Smith and Rosey for their unflagging energy in spending long hours for the cause. These three members of our committee have thrown their weight behind the cause in an exemplary way.

We have been assisted by local volunteers either from other parties or members of the public offering their help through the Vote Leave website. Fine examples of the public joining together in a common cause.
