

Successful UKIP Street Stall

The joint enterprise of the street stall in Penzance on Saturday. 13th May by the Camborne Redruth & Hayle Branch with St. Ives & The Isles of Scilly Branch, proved highly successful. The sun shone on us this time, last Saturday's event having been cancelled by rain.

Plenty of Brexit leaflets were given out with many people stopping to talk in a positive way. UKIP is far from forgotten. Only I chap gave vent to his wrath briefly before disappearing up the road in a foul mood.

I recommend as many street stalls as possible to keep the message alive. We may not be fielding candidates down this end of the county, and the reasons why must be laid bare. Our press release was commented on by a number of people but I heard no-one say we should field a candidate, come hell or high water!
